About Me

Hardworking and passionate about my profession.

I have 15 years of experience in Technology area and expertise of Team's Management.

I would like to return to my work please after I took sabbatic period.

Nine months living in Ireland and nine dedicated to cycling around South East Asia.

During this period I have studied two languages and updated my knowledge in new Technologies.

I worked as well as a volunteer in orphanages and schools in rural areas.
